Dear

This will acknowledge receipt of your letter of 12 December 1947.

I can personally see no objection to the service which you rendered the Passport Control Officer as outlined in the above mentioned letter, and I certainly feel that you should cooperate with Embassy officials in every way possible consistent with instructions from the Director of Central Intelligence.

While I do not think that there is any objection whatsoever to your having supplied such a report, it is requested that a copy of it be forwarded to me for files.

FOIAb3b1

Sincerely yours,
